

### Nexcopy Media Specifications

**NOTE:** Nexcopy does not provide support for flash media purchased from other suppliers. Below is a list of controllers compatible with the Nexcopy PRO Series duplicators. It is important to know, only Nexcopy media is 100% guaranteed to work with PRO Series duplicators.

**CAUTION:** Use outside suppliers at your own risk. Be sure to test media before mass production. **TIP:** USB media missing Serial Numbers from your supplier denotes low quality media and most likely not compatible with Nexcopy software. Promo quality memory most likely not compatible with software.
